### **THE WORLD CLASS VISION TAKES SHAPE**

A \$500 million vision has changed the face of Paradise Palms Resort and Country Club to become a world-class retreat incorporating stylish living and accommodation options with an extensive range of lifestyle amenities.

Just three years ago Paradise Palms Resort and Country Club unveiled the first of its completed living options with the opening of 84 luxurious golf course apartments, The Keys. This coincided with the unveiling of signature dining outlet, Fifty Nine Restaurant & Bar, brand new pro-shop and just two years ago, the opening of a 96 room resort (comprising hotel suites and two bedroom apartments) managed by Vision Hotels and Resorts.

All of these developments were significant and culminated in the opening of Pelicans in Paradise Adventure Park to complete the vision and make Paradise Palms a destination in its own right. This infrastructure has been embraced by the local community and is especially geared for families comprising state-of-the-art, 2000 square metre children's playground, swimming and mini golf.

In the throes of dynamic and visionary development aimed at protecting the integrity of its golf-course and long term property values, Paradise Palms Resort and Country Club has a comprehensive choice of real estate investment and living options that include villa lots, acreage home sites, elevated blocks and stylish apartments.

From a lifestyle perspective, Paradise Palms Resort and Country Club's greatest asset is its location. Equidistant between Cairns and Port Douglas, its 126 hectare setting is truly picturesque. While incorporating a stunning 18 hole golf course, the undulating landscape and network of waterways is beautifully framed by rainforest covered mountains. Add to this, dramatic ocean views thanks to its stone's throw proximity to the Coral Sea and tropical beaches.

Complemented by an exciting range of lifestyle, resort and recreation facilities, Paradise Palms Resort and Country Club is nature's playground in every sense. These already include golf, restaurant and bar, tennis courts, volleyball courts, saunas and swimming pools and Pelicans in Paradise - 2000 square metre children's playground. Future plans include a day spa, gymnasium and more.

Paradise Palms Resort and Country Club was purchased in November 2004 by experienced north Queensland developers, H & S Vision Group – which then set about to create a \$500 million vision.
